FRAME DESIGN

A bike with many personalities, Escape is built around a lightweight aluminum frame with a stable ride quality and a wide range of gears. Its smooth-rolling 700c wheels make it fast and sporty enough for a fun fitness routine. And its neutral, upright positioning makes it a great choice for navigating city streets or crowded bike paths. Whatever road or path you choose, just hop on and make your escape.

FEATURES

- Lightweight and durable ALUXX-grade butted aluminum frame
- Composite fork with alloy steerer to damp vibrations
- Durable double-wall alloy rims with puncture resistant tires
- Shimano 3x9-speed drivetrain with Tektro brakes
